- Drink 8-10 glasses of water daily.
- It keeps you energized, and focused all day long!

🌟 **Story Behind Blue Harp Buzz**

By Parimala M, HR Executive

Every idea begins with inspiration — and Blue Harp Buzz is no exception.

Through Blue Harp Buzz, we aim to share our company's milestones, employee achievements, learning insights, and a few moments of fun — all under one roof.

This initiative is not just about news, but about nurturing our team spirit and highlighting the incredible people who make Blue Harp Technologies shine every day.

The Power of Unity

In the peaceful village of Kishkindha, there lived a wise old farmer with four sons who were always fighting with one another.

No matter how much he advised them, their quarrels never stopped.

One day, the farmer called them together and handed them a bundle of sticks.

He asked each son to break it, but none could, no matter how hard they tried.

Then, he untied the bundle and gave them the sticks one by one.

This time, they broke easily.

Smiling, the farmer said, "Just like these sticks, if you stay united, no one can break you."

From that day, the brothers of Kishkindha understood the value of unity and lived in harmony.

✨ **Moral:** Unity gives strength – when we stand together, we can overcome anything.

🏆 CERTIFICATES & LEARNING CORNER :-

RUCKUS Certified Networking Implementer (RCNI)– Tajumul Hussain our Solution Architect
RUCKUS Certified Wi-Fi Associate(RCWA)–Kudala Ramesh our Network Engineer

🎓 Congratulations to our team members who have successfully completed their recent certifications!

Your dedication to learning and growth truly stands out.

It will definitely serve as an inspiration for others to follow suit. ✨

Keep learning, keep growing! ❤️

Message to our BHT Family:

"Set your goals at the highest level and work with unwavering discipline to achieve them."

🎯 Events Participated:-

Our Blue Harp team participated in the **Ruijie Reyee Workshop** this month, demonstrating professionalism, enthusiasm, and collaboration. 💪

We're excited to join more professional events ahead – learning, growing, and proudly representing Blue Harp Technologies! ❤️
